The Benefits of a MSSA Membership

For almost 30 years, the Maryland Saltwater Sportfishermen's Association (MSSA) has worked tirelessly to protect and enhance recreational fishing in the Chesapeake Bay and mid-Atlantic region while conserving its marine resources. Today, MSSA is the voice for more than 7,000 recreational anglers, working to protect stocks of recreational gamefish. To protect your right to fish, the MSSA works with state and federal elected officials and other decision makers. The MSSA also serves on major fisheries advisory boards within the state Department of Natural Resources, Atlantic States Marine Fisheries Commission, and National Marine Fisheries Service. MSSA makes sure the concerns and views of Chesapeake and mid-Atlantic recreational anglers are heard.

MSSA members also receive other great benefits as well, including discounts at numerous major tackle shops and boating stores in the area that support MSSA. Simply visit one of these fine stores, show them your MSSA membership card, and you'll receive a 10% discount on nearly everything you need to boat safely and catch more fish.

From rods and reels to bottom paint and safety equipment, MSSA's sponsors help you get ready for the fishing season. Support the fishing shops that support the MSSA.

No Unity • No Voice • No Fish
